# Opening for GSID Alumni Association Student Grant Program

The GSID Alumni Association was established with the goal of linking the graduates and current students while building a network among the global professional GSID alumni. In this regard, we are committed to start a "GSID Alumni Association Grant Program" to support GSID students' multidisciplinary research and social activities by making use of the association fee collected from the members. Among the applications made, we will nominate a project (s).

Application deadline is October 5th, 2015. We look forward to receive many applications.
